Verse 1

All this time

I have believed the lie

That I wasn't made to fly

My wings were bound, stuck to the ground

But I hear truth remind me

You are right behind me

Go ahead and break the mould

Chorus (UNISON)

I'm gonna be bold

Gotta hold my head up

'Cause I know when I get up

There's a victory I already hold

I'm gonna be strong

Gotta get my fight on

'Cause I know whose side I'm on

Got a heart like steel, a faith like gold

I'm gonna be bold

Sops / Altos: I'm gonna be bold, oh I'm gonna be bold, I'm gonna be bold

Verse 2

Take a breath

Faith builds within my chest

Spirit in every step

(Harmony) I'm made for this and so I rest

'Cause I hear truth remind me

You are right behind me

Go ahead and break the mould

Chorus

(UNISON) I'm gonna be bold

Gotta hold my head up

'Cause I know when I get up

There's a victory I already hold

(UNISON) I'm gonna be strong

Gotta get my fight on

'Cause I know whose side I'm on

Got a heart like steel, a faith like gold

I'm gonna be bold

Sops / Altos: I'm gonna be bold, oh I'm gonna be bold, I'm gonna be bold

Bridge

No more doubt

No more small and scared

I'm not broken beyond repair

No more fear

No more playing safe

I will not be chained

Chorus

(UNISON) Gotta hold my head up

'Cause I know when I get up

There's a victory I already hold

(UNISON) I'm gonna be strong

Gotta get my fight on

'Cause I know whose side I'm on

Got a heart like steel, a faith like gold

I'm gonna be bold

Sops / Altos: I'm gonna be bold, All Harmony's: oh I'm gonna be bold, I'm gonna be bold
